

# Ride Beyond Diagnosis Scholarship or Volunteer

## Ride Beyond

Join Special Equestrians of the Treasure Coast as we start a pilot program of therapeutic riding designed for women facing the devastating challenges of breast cancer. Therapeutic riding has a way of fostering hope and courage needed to overcome. BUT we need your help!

## Scholarships

Treatment is costly, so we are wanting to offer full scholarships. Your donation would make a big impact!

## Volunteers

To make this as safe, encouraging and fun as possible we need volunteers. No horse experience needed.
